FCC - MAIL ROOM

Federal Communications Commission
1919 M. Street Suite 222
Washington, D.C. 20554
Attention: Comments on Docket 92-235

To Whom it may concern,

Federal Communications Commission Docket 92-235 will have 1 devastating financial impact on public safety radio system users in Clatsop County, Oregon. This is a cost that will simply be impossible to bear by the many small agencies providing emergency services to the citizens of our area. The proposed implementation of this plan in 1996 is unreasonable and unaffordable.

We respectfully request that implementation FCC Docket 92-235 be, at a minimum, delayed until 2004. Further, we request that the FCC review this proposal and it's necessity with regard to rural communities not impacted by radio frequency shortages.

Sincerely,

Mike Smith
